## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors of  
Southeastern Connecticut Council of Governments  
Norwich, Connecticut

### **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Southeastern Connecticut Council of Governments (SCCOG), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise SCCOG's basic financial statements as listed in the table of contents.

### **MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## OPINIONS

In our opinion, the financial statements, referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of SCCOG as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## EMPHASIS OF MATTER

As discussed in *Note 13* to the financial statements, during the fiscal year ended June 30, 2021, SCCOG adopted GASB Statement No. 84 *Fiduciary Activities*. As a result of the implementation of this standard, SCCOG reported a restatement for the change in accounting principle. Our auditors' opinion was not modified with respect to the restatement.

## OTHER MATTERS

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 - 10, the budgetary comparison information on page 38, and the pension schedules on pages 39 - 40 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise SCCOG's basic financial statements. The combining and individual nonmajor fund financial statements and supplemental schedules, the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance, as required by Office Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Act, respectively, are presented for purposes of additional analysis and not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and supplemental schedules, the schedule of expenditures of federal awards, as required by the Uniform Guidance, and the schedule of state financial assistance, as required by the State of Connecticut Single Audit Act, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and supplemental schedules, the schedule of expenditures of federal awards, as required by the Uniform Guidance, and the schedule of state financial

assistance, as required by the State of Connecticut Single Audit Act, are fairly stated in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued a report dated December 15, 2021, on our consideration of SCCOG's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SCCOG's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SCCOG's internal control over financial reporting and compliance.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2021**

As management of the Southeastern Connecticut Council of Governments, (SCCOG), we offer readers of the financial statements this narrative overview and analysis of the financial activities of the SCCOG for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here along with the SCCOG's basic financial statements.

**FINANCIAL HIGHLIGHTS**

- The assets and deferred outflows of resources of the SCCOG *exceeded* its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$494,720 (net position). Of this amount, \$262,195 (unrestricted net position) may be used to meet the SCCOG's ongoing obligations.
- The SCCOG's total net position *decreased* by \$19,493. This *decrease* is mostly the result of an *increase* in the net pension liability from the prior fiscal year.
- As of the close of the current fiscal year, the SCCOG's governmental funds reported combined ending fund balances of \$713,621, an *increase* of \$106,233 in comparison with the prior year. The total fund balance available for spending at the SCCOG's discretion (unassigned fund balance) was \$690,058, while \$23,563 was considered nonspendable.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the SCCOG's basic financial statements. The SCCOG's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Basis of Presentation**

The SCCOG is considered a single-program governmental organization for financial reporting purposes. Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* requires the presentation of government-wide financial statements and fund financial statements. The government-wide financial statements consist of the statement of net position and the statement of activities, while the governmental fund financial statements consist of the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances. The SCCOG has no business-type activities. Rather than presenting government-wide financial statements along with separate governmental fund financial statements, SCCOG has chosen to combine the two types of financial statements as permitted by GASB Statement No. 34. Accordingly, the accompanying financial statements of the SCCOG consist of the governmental funds balance sheet/statement of net position and the governmental funds statement of revenues, expenditures and changes in fund balances/statement of activities.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of SCCOG's finances, in a manner similar to a private-sector business.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2021**

**OVERVIEW OF THE FINANCIAL STATEMENTS *(Continued)***

**Government-wide Financial Statements *(Continued)***

The statement of net position presents information on all of the SCCOG's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the SCCOG is improving or deteriorating.

The statement of activities presents information showing how the SCCOG's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected member town assessments and earned but unused vacation leave).

The government-wide financial statements display information about the SCCOG's governmental activities, which consists of regional planning. The SCCOG does not have any business-type activities.

The government-wide financial statements include only the SCCOG because there are no legally separate organizations for which the SCCOG is legally accountable.

The government-wide financial statements can be found on pages 11 and 12 of this report.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The SCCOG uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the SCCOG are classified as governmental funds or fiduciary funds.

***Governmental Funds***

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the SCCOG's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of SCCOG's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

JUNE 30, 2021**

**OVERVIEW OF THE FINANCIAL STATEMENTS *(Continued)***

**Fund Financial Statements *(Continued)***

***Governmental Funds (Continued)***

The SCCOG maintains 21 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, DOT Regional Transportation Planning Agreement Number 5.09-06(17) fund, DOT Regional Transportation Planning Agreement Number 5.09-06(17) fund, DOT Regional Transportation Planning Agreement Number 5.09-06(17), DOT Regional Transportation Planning Agreement Number 5.09-06(17), City of Groton Mobility Plan HQ00052010044 fund, the DEMHS Direct Service Programs fund, 2019 EMPG Regional Hazardous Materials fund, the OPM Regional Service Grant RSG-021-08 fund, and the Local Transportation Capital Improvement Program fund, all of which are considered to be major funds. Data from the other 11 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 13 and 15 of this report.

***Fiduciary Funds***

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support SCCOG’s operations. SCCOG reports only one fiduciary fund in which it holds resources for the Southeastern Connecticut Housing Alliance, Inc. in a custodial capacity. Receipts and expenditures of that fund are entirely for the benefit of that entity.

**Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 - 37 of this report.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also contains required supplementary information other than this management’s discussion and analysis that can be found on pages 38 - 40 of this report.

Combining fund statements and other supplementary information can be found on pages 41 - 44 of this report.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Net Position**

Over time, net position may serve as one measure of a government’s financial position. The net position of the SCCOG totaled \$494,720 and is summarized as follows:

As previously mentioned, the *decrease* in net position is due primarily from the *increase* in SCCOG's net pension liability.

As of June 30, 2021, approximately 47% of the SCCOG's net position reflects its investment in capital assets. The SCCOG uses these capital assets to provide services to member towns; consequently, these assets are not available for future spending.

The remainder of the SCCOG's net position is considered unrestricted and may be used to meet the SCCOG's ongoing obligations.

Charges for services *increased* over the prior year as SCCOG began offering Building Official and Affordable Housing consulting services to its member towns during 2020-2021. Operating grants *increased* primarily as a result of the City of Groton Parking and Mobility Plan grant through the U.S. Department of Defense which began during the fiscal year.

**FINANCIAL ANALYSIS OF SCCOG'S FUNDS**

As noted earlier, the SCCOG uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds**

The focus of the SCCOG's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the SCCOG's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the SCCOG's net resources available for spending at the end of the fiscal year.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2021**

**FINANCIAL ANALYSIS OF SCCOG'S FUNDS (Continued)**

**Governmental Funds (Continued)**

As of the end of the current fiscal year, the SCCOG's governmental funds reported combined ending fund balances of \$713,621, an *increase* of \$106,233 in comparison with the prior year. This is mostly the result of a significant *decrease* in projects for which the SCCOG had to pay unreimbursed costs and a *decrease* in unavailable revenues at year-end. The entire fund balance includes \$690,058 of unassigned fund balance which is available for spending at the SCCOG's discretion and \$23,563 which is considered nonspendable.

**General Fund**

The general fund is the chief operating fund of the SCCOG.

**Other Major Funds**

The other major funds of the SCCOG provide various transportation or other planning services in the southeastern region.

**BUDGETARY HIGHLIGHTS**

Budgets are adopted by the Board of Directors on a modified accrual basis. The adopted annual budget covers the General Fund and all Special Revenue Funds except for DEMHS Direct Services and the CROG purchasing council.

The SCCOG's expenditure budget for 2020-2021, which began at \$1,148,948 was subsequently *increased* to \$1,371,167 to recognize an *increase* in overall revenues and accompanying costs.

**CAPITAL ASSETS**

The SCCOG's capital assets as of June 30, 2021 totaled \$530,409, which includes land, land improvements, buildings and related improvements, and equipment and furnishings. New computer equipment was acquired during the year ended June 30, 2021 at a cost of approximately \$6,000 while fully depreciated equipment was disposed of at an original cost of \$7,245.

The following table is a summary of SCCOG's capital assets as of June 30, 2021:

	Governmental Activities
Land	\$ 63,758
Land improvements	20,350
Buildings and related improvements	297,576
Equipment and furnishings	148,725
Total	\$ 530,409

Additional information on the SCCOG's capital assets can be found in *Note 4* on page 28 of this report.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2021**

**NONCURRENT LIABILITIES**

As of June 30, 2021, the SCCOG had no noncurrent liabilities other than accrued compensated absences and its proportional share of the collective net pension liability in the State of Connecticut Municipal Employees' Retirement System, a cost sharing multiple employer public employee defined benefit plan.

As of June 30, 2021, SCCOG's noncurrent liabilities totaled \$837,035, of which \$105,423 was for accrued compensated absences and \$731,612 was the net pension liability.

Additional information on the SCCOG's noncurrent liabilities can be found in *Note 6* on page 30 of this report.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

During the fiscal year ended June 30, 2021, SCCOG adopted a 2021-2022 budget consisting of \$1,722,118 of anticipated revenues, \$1,477,754 of budgeted expenditures, and no increase to the \$.055 per capita dues for its member municipalities.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the SCCOG's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Executive Director of the Southeastern Connecticut Council of Governments, 5 Connecticut Avenue, Norwich, Connecticut 06360.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Southeastern Connecticut Council of Governments (SCCOG) is a regional council of governments established under Chapter 50, Section 4-124i through 4-124p of the General Statutes of the State of Connecticut. Membership in SCCOG is open to any municipality within the Southeastern Connecticut planning region. Each member municipality is entitled to one voting representation on SCCOG who shall be the chief elected official. These representatives serve as the policy making Board of SCCOG. The day-to-day affairs of SCCOG are managed by the Executive Director.

The SCCOG provides comprehensive land use and transportation planning services in the Southeastern Connecticut region. SCCOG is funded primarily by assessments of area municipalities and federal and state grants.

The SCCOG's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by SCCOG are discussed below.

**REPORTING ENTITY**

The reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations for which the nature of significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be incomplete or misleading as set forth by GASB. In evaluating how to define the reporting entity for financial statement reporting purposes, management has considered all potential component units. The decision to include a potential component unit in this reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability. The criterion has been considered and there are no agencies or entities which should be presented with this government.

**BASIS OF PRESENTATION**

The SCCOG is considered a single-program governmental organization for financial reporting purposes. Governmental Accounting Standards Board (GASB) Statement Number 34, "*Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*" requires the presentation of government-wide financial statements and fund financial statements. The government-wide financial statements consist of a statement of net assets and a statement of activities. The governmental funds financial statements consist of a balance sheet and a statement of revenues, expenditures, and changes in fund balances. The SCCOG has no business type activities.

The SCCOG's basic financial statements include both government-wide (reporting SCCOG as a whole) and fund financial statements (reporting SCCOG's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

**BASIC FINANCIAL STATEMENTS – GOVERNMENT-WIDE STATEMENTS**

The SCCOG's basic financial statements include both government-wide (reporting SCCOG as a whole) and fund financial statements (reporting SCCOG's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. All of SCCOG's activities are for regional planning which is considered governmental. The SCCOG's fiduciary funds are excluded from these statements. As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

In the government-wide statement of net position, the governmental activities column (a) is presented on a consolidated basis, and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The SCCOG's net position is reported in two parts – invested in capital assets and unrestricted net position.

The government-wide statement of activities reports both the gross and net cost of SCCOG's regional planning function. This function is also supported by general government revenues (municipal assessments and other revenues). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating grants, and capital grants and contributions. Program revenues must be directly associated with the function. The net cost is normally covered by general revenue (municipal assessments and other revenues). SCCOG does not allocate indirect costs on the government-wide statements, but does on the fund financial statements, as mentioned later.

This government-wide focus is more on the sustainability of SCCOG as an entity and the change in SCCOG's net position resulting from the current year's activities.

**BASIC FINANCIAL STATEMENTS – FUND FINANCIAL STATEMENTS**

The financial transactions of SCCOG are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by SCCOG:

**Governmental Funds:**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. Indirect costs are allocated among the funds based on direct payroll. The following is a description of the governmental funds of SCCOG:

**General Fund** – This fund is SCCOG's primary operating fund. It accounts for all financial resources of SCCOG, except those required to be accounted for in another fund. This fund is considered to be a major fund.

**Special Revenue Funds** - These funds are used to account for the proceeds of specific revenue sources that are restricted or committed for specific purposes, excluding capital projects and debt service. SCCOG currently maintains 23 special revenue funds, the following 9 of which are considered major funds:

**U.S. Department of Transportation-Agreement Number 5.09-06(17) – Regional Transportation Planning** – This fund is used to account for revenues and expenditures relating to transportation planning in the southeastern Connecticut planning region.

**U.S. Department of Transportation-Agreement Number 5.09-06(17) – Regional Transportation Planning** – This fund is used to account for revenues and expenditures relating to transportation planning in the southeastern Connecticut planning region.

**U.S. Department of Transportation-Agreement Number 5.09-06(17) – Regional Transportation Planning** – This fund is used to account for revenues and expenditures relating to transportation planning in the southeastern Connecticut planning region.

**U.S. Department of Transportation-Agreement Number 5.09-06(17) – Regional Transportation Planning** – This fund is used to account for revenues and expenditures relating to transportation planning in the southeastern Connecticut planning region.

**U.S. Department of Defense City of Groton Mobility Plan HQ00052010044**-This fund is used to account for revenues and expenditures related to creating a parking and mobility plan for the City of Groton, Connecticut under the federal program “Community Economic Adjustment for Comparable Use and Joint Land Use Studies.”

**U.S. Department of Homeland Security DEMHS Direct Service Programs** – This fund is used to account for revenues and expenditures relating to the state homeland security grant programs and the emergency management performance grant programs administered by SCCOG to establish, enhance, and equip emergency preparedness programs in the Southeastern Connecticut planning region.

**2019 EMPG Regional Hazardous Materials** – This fund is used to account for the revenue and expenditures under an Emergency Management Performance Grant (“EMPG”) from the Department of Emergency Services and Public Protection Division of Emergency Management and Homeland Security.

**State of Connecticut Office of Policy and Management-Regional Service Grant RSG 021-08** – These funds are used to account for the revenue and expenditures related to regional planning activities conducted in the southeastern Connecticut planning region. A separate fund is maintained for each fiscal year.

**Special Revenue Funds (*Continued*)**

**State of Connecticut Department of Transportation – Local Transportation Capital Improvement Program (LOTICIP)** – This fund is used to account for revenues and expenditures relating to general LOTICIP program administration, LOTICIP application review and prioritization, and design reviews of approved municipal LOTICIP projects.

**Fiduciary Funds:** - These funds are used to report assets held in a trustee or agency capacity and therefore are not available to support SCCOG’s programs. The following is a description of the fiduciary fund of SCCOG:

**Custodial Fund** – This fund is used to account for resources held by SCCOG in a purely custodial capacity. The SCCOG utilizes this fund to account for assets held on behalf of the Southeastern Connecticut Housing Alliance.

When restricted, committed, assigned and unassigned resources are available for use, it is SCCOG’s policy to use restricted resources first, then committed, assigned and unassigned as they are needed.

**BASIS OF ACCOUNTING**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

**Accrual:** Both governmental and business-type activities in the government-wide financial statements and the proprietary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**Modified Accrual:** The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. “Available” means collectible within the current period or within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

SCCOG uses the consumption method with regard to its expenditures for insurance premiums and other prepayments.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

**CASH EQUIVALENTS**

SCCOG defines cash equivalents as liquid investments with an original maturity of three months or less. SCCOG had cash equivalents totaling \$325,938 between all governmental funds at June 30, 2021, which consisted of monies held in the State of Connecticut's Short-Term Investment Fund.

**CAPITAL ASSETS**

Capital assets purchased or acquired with an original cost of \$1,000 or more and an estimated useful life in excess of one year are reported at historical cost or estimated historical cost. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the asset's useful life. Useful lives for the assets of SCCOG range as follows:

<u>Assets</u>	<u>Years</u>
Building and improvements	39
Land improvements	15
Equipment and furnishings	5-20

**COMPENSATED ABSENCES**

Under the terms of SCCOG's personnel policies, SCCOG employees are granted vacation and sick leave in varying amounts. Certain employees may carry over a limited number of unused vacation days to subsequent years and, in the event of termination, are reimbursed for unused vacations days. Accumulated unused sick time for tenured employees and unused vacation time for all employees are recognized as a liability of SCCOG in the government-wide financial statements.

**NET PENSION LIABILITY**

The net pension liability is measured as the portion of the actuarial value of projected benefits that is attributed to past periods of employee service in SCCOG's defined benefit pension plan, net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the related pension plan for purposes of preparing its statement of fiduciary net position.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES ( *Continued* )**

**FUND EQUITY AND NET POSITION**

*Invested in Capital Assets, Net of Related Debt* – This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce this category.

*Restricted Net Position* – This category represents constraints placed on net position use which are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

*Unrestricted Net Position* – This category represents the net position of SCCOG, which is not restricted for any project or other purpose.

In the fund financial statements, fund balances of governmental funds are classified in five separate categories as follows:

*Nonspendable Fund Balance* – Amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

*Restricted Fund Balance* – Amounts restricted by enabling legislation. Also reported if (a) externally imposed by creditors, grantors, contributors, or laws regulated by other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed Fund Balance* – Amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision making authority, the Board of Directors. A vote by the Board of Directors members is required to establish and modify or rescind a fund balance commitment.

*Assigned Fund Balance* – Amounts that are constrained by the government’s intent to be used for specific purposes, but are neither restricted nor committed.

*Unassigned Fund Balance* – Residual classification of the General Fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

**DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense or expenditure) until then. The SCCOG recognized \$367,450 of pension related deferred outflows for the year ended June 30, 2021.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)**

**DEFERRED OUTFLOWS/INFLOWS OF RESOURCES (*Continued*)**

In addition to liabilities, the statement of net position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The SCCOG has two items that met this criteria: 1) unavailable revenue from receivables that were not received within 60 days of year end and are therefore not considered “available” totaling \$127,978, and 2) pension related deferred inflows with respect to SCCOG’s participation in the State of Connecticut Municipal Employees’ Retirement System (MERS) totaling \$109,819 at June 30, 2021.

**BUDGETS**

The SCCOG establishes an organization-wide budget in accordance with the provisions of its bylaws. A preliminary annual budget is prepared on or before January 1<sup>st</sup> and is presented to the Board for adoption prior to March 1<sup>st</sup> of each year. The operating budget, prepared on the modified accrual basis of accounting, includes proposed expenditures and the means of financing them. The budget excludes certain grants for which SCCOG acts as a flow through.

The Board, as necessary, may amend the budget during the fiscal year.

Formal budgetary integration is employed as a management control device during the year for SCCOG.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**SUBSEQUENT EVENTS**

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through December 15, 2021, the date that the financial statements were available to be issued. There were no subsequent events identified that require disclosure.

**APPLICATION OF ACCOUNTING STANDARDS**

For the year ended June 30, 2021, the following accounting pronouncements became effective and the District implemented such pronouncements, where applicable:

GASB Statement 84, Fiduciary Activities. The purpose of the statement is to improve guidance regarding identification of fiduciary activities for accounting and financial reporting purposes. SCCOG made an adjustment of \$6,734 to opening fiduciary net position upon adoption of this standard (see *Note 13*).

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 2 - CASH, CASH EQUIVALENTS, AND INVESTMENTS**

Deposits - SCCOG does not have a policy for deposits. SCCOG also does not have a custodial credit risk policy. However, as a practice, SCCOG follows Connecticut State Statutes. The State of Connecticut requires that each depositor maintain segregated collateral in an amount equal to a defined percentage of its public deposits based upon the bank's risk based capital ratio.

Cash Equivalents / Investments - SCCOG does not have a custodial credit risk policy with regard to cash equivalents, investments, or related credit risk for debt securities, however, it is SCCOG's practice to follow Connecticut State Statutes (CGS). CGS Section 7-400 permits municipalities and local governments to invest in: (1) obligations of the United States and its agencies (2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and (3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. CGS Sections 3-27a to 3-27f permit the investment in the shares of the Connecticut Short Term Investment Fund (STIF).

The STIF is a money market investment pool managed by a division of the State of Connecticut's Treasurer's Office. Investments must be made in instruments authorized by the State's CGS using guidelines adopted by the State Treasurer. The fair value of the position in the pool is the same as the value of the pool shares and investments held by the fund and are stated at amortized cost. STIF is rated by Standard & Poor's at AAAM, its highest rating for money funds and investment pools.

Interest Rate Risk - Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. SCCOG does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate increases. SCCOG generally does not invest in any long-term investment obligations.

At June 30, 2021, SCCOG's cash and cash equivalents, exclusive of its custodial fund were as follows:

Cash:		
Deposits - demand accounts	\$	207,344
Cash equivalents:		
State Short-Term Investment Fund (STIF)		325,938
Total cash and equivalents	\$	<u><u>533,282</u></u>

The bank balance of SCCOG's deposits, exclusive of its custodial fund, was \$196,133 at June 30, 2021, all of which was covered by Federal Depository Insurance. The carrying amount and bank balance of SCCOG's custodial fund was \$2,937 at June 30, 2021, all of which was also covered by Federal Depository Insurance.

At June 30, 2021, SCCOG's custodial fund unrestricted net deficit is \$476 which is expected to be funded with future fundraisers and events.

**NOTE 8 - PENSION PLAN**

**STATE OF CONNECTICUT MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM**

SCCOG participates in the State of Connecticut Municipal Employees' Retirement System (MERS), which is a cost-sharing multiple employer public employee defined benefit plan established by the State of Connecticut and administered by the State Retirement Commission to provide benefits for the employees of participating municipalities. Full-time SCCOG personnel participate in the plan. MERS is considered to be a part of the State of Connecticut's financial reporting entity and is included in the State's financial statements as a pension trust fund. Information regarding the plan can be obtained on the State of Connecticut's website [www.osc.ct.gov](http://www.osc.ct.gov).

The plan has 4 sub plans: general employees with social security; general employees without social security; policemen and firemen with social security; and policemen and firemen without social security.

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 8 - PENSION PLAN *(Continued)***

**STATE OF CONNECTICUT MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM *(Continued)***

Plan provisions are set by statute of the State of Connecticut and may be amended by legislative action. MERS provides retirement benefits, as well as death and disability benefits. General employees are eligible to retire at age 55 with 5 years of continuous service, or 15 years of active aggregate service, or 25 years of aggregate service. Police and firemen have a compulsory retirement age of 65.

For members not covered by social security, the benefit is 2% of average final compensation times years of service. For members covered by social security, the benefit is 1 ½ % of the average final compensation not in excess of the year's breakpoint plus 2% of the average final compensation in excess of the year's breakpoint, times years of service.

The maximum benefit is 100% of the average final compensation and the minimum benefit is \$1,000 annually. Both the minimum and maximum include workers' compensation and social security benefits.

If any member covered by social security retires before age 62, the member's benefit until the member reaches age 62 or social security disability award is received, is computed as if the member is not under social security.

Members are eligible for early retirement after 5 years of continuous or 15 years of active aggregate service. The benefit is calculated on the basis of average final compensation and service to date of termination. Deferred to normal retirement age, or an actuarially reduced allowance may begin at the time of separation.

Employees are eligible for service-related disability benefits from being permanently or totally disabled from engaging in the service of the municipality provided such disability has arisen out of and in the course of employment with the municipality. Disability due to hypertension or heart disease, in the case of firemen and policemen, is presumed to have been suffered in the line of duty. Disability benefits are calculated based on compensation and service to the date of the disability with a minimum benefit (including workers' compensation benefits) of 50% of compensation at the time of disability.

Employees are eligible for non-service-related disability benefits with 10 years of service and being permanently or totally disabled from engaging in gainful employment in the service of the municipality. Disability benefits are calculated based on compensation and service to the date of the disability.

The plan also offers a lump-sum return of contributions with interest or surviving spouse benefit depending on length of service.

Participating municipalities make annual contributions consisting of a normal cost contribution, a contribution for the amortization of the net unfunded accrued liability, and a prior service amortization payment which covers the liabilities of the system not met by member contributions.

For employees not covered by social security, each person is required to contribute 6% of compensation. For employees covered by social security, each person is required to contribute 3 ¼ % of compensation up to the social security taxable wage base plus 6% of compensation, if any, in excess of such base.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 8 - PENSION PLAN *(Continued)***

**STATE OF CONNECTICUT MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM *(Continued)***

The components associated with pension expense and deferred outflows and inflows of resources have been determined based on fiduciary net position as audited by the State of Connecticut Auditors of Public Accounts as part of the State of Connecticut Comprehensive Annual Financial Report as of and for the year ended June 30, 2020.

At June 30, 2021, SCCOG reported a liability of \$731,612 for its proportionate share of the net pension liability. The net pension liability was measured at June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. SCCOG's proportion of the net pension liability was based upon an allocation percentage calculated to six decimal places derived from SCCOG's payroll as compared to the total. SCCOG's allocation percentage for the reporting period ended June 30, 2021 was 0.186302%.

The total pension liability was calculated based on the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.50-10.00%, including inflation
Investment rate of return	7.00%, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 Combined Mortality Table for annuitants and non-annuitants. The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2012 - June 30, 2017. Future Cost-of-Living Adjustments (COLA) for members who retire on or after January 1, 2002 are 60% of the annual increase in the CPI up to 6%. The minimum annual COLA is 2.5% and the maximum is 6%.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 8 - PENSION PLAN (Continued)**

**STATE OF CONNECTICUT MUNICIPAL EMPLOYEES' RETIREMENT SYSTEM (Continued)**

The following is the plan's target allocation and the long-term expected real rate of return:

Asset Class	Target Allocation	Long-term Expected Real Rate Of Return
Domestic equity	20.0%	5.3%
Developed market international	11.0%	5.1%
Emerging market international	9.0%	7.4%
Core fixed income	16.0%	1.6%
Inflation linked bond	5.0%	1.3%
Emerging market debt	5.0%	2.9%
High yield bond	6.0%	3.4%
Real estate	10.0%	4.7%
Private equity	10.0%	7.3%
Alternative investments	7.0%	3.2%
Liquidity fund	1.0%	0.9%

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. For the year ended June 30, 2021, SCCOG recognized pension expense of \$191,916. At June 30, 2021, SCCOG reported deferred outflows of resources and deferred inflows of resources related to the pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ 76,776	\$ -
Difference between expected and actual experience	48,471	93,533
Changes in assumptions	120,459	-
Changes in proportional share	26,283	16,286

**NOTE 9 - RISK MANAGEMENT AND LITIGATION**

SCCOG is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. SCCOG has obtained coverage from commercial insurance companies and has effectively managed risk through various employee education and prevention programs. There have been no significant reductions in insurance coverage and settlements have not exceeded insurance coverage for each of the past three fiscal years. All risk management activities are accounted for in the general fund. Expenditures and claims are recognized when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. In determining claims, events that might create claims, but for which none have been reported, are considered. There were no claims outstanding at June 30, 2021.

**NOTE 10 –ECONOMIC DEPENDENCE**

A large concentration of revenue is comprised of Federal and State grants received from, or passed through, the State of Connecticut. Any loss or significant reduction of these grants could have a significant impact on SCCOG's financial position and program services

**NOTE 12 - PRONOUNCEMENTS ISSUED, NOT YET EFFECTIVE**

The Governmental Accounting Standards Board (GASB) has issued several pronouncements prior to June 30, 2021 that have effective dates that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements:

GASB Statement 87, Leases. The statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of this statement are effective for reporting periods beginning after June 15, 2021 (the District's year ending June 30, 2022).

GASB Statement 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This statement enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and simplifies accounting for interest costs incurred before the end of a construction period. The requirements of this statement are effective for periods beginning after December 15, 2020 (the District's year ending June 30, 2022).

GASB Statement 91, Conduit Debt Obligations. This statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with: (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this statement are effective for reporting periods beginning after December 15, 2021 (the District's year ending June 30, 2023).

**SOUTHEASTERN CONNECTICUT COUNCIL OF GOVERNMENTS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2021**

**NOTE 12 - PRONOUNCEMENTS ISSUED, NOT YET EFFECTIVE (*Continued*)**

GASB Statement 92, Omnibus. This statement enhances comparability in accounting and financial reporting and improves consistency of authoritative literature by addressing various practice issues identified in the implementation of certain pronouncements. Certain requirements of this statement are effective upon issuance while other requirements are effective for reporting periods beginning after June 15, 2021 (the District's year ending June 30, 2022).

GASB Statement 93, Replacement of Interbank Offered Rates. This statement addresses accounting and financial reporting implications that result from the replacement of an IBOR (Interbank Offered Rate), the most prevalent being the LIBOR (London Interbank Offered Rate). Provisions of the statement are effective for reporting periods beginning after June 15, 2021 and reporting periods ending after December 31, 2021 (the District's years ending June 30, 2022 and 2023).

GASB Statement 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements. This statement improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this statement are effective for fiscal years beginning after June 15, 2022 (the District's year ending June 30, 2023).

GASB Statement 96, Subscription-Based Information Technology Arrangements. This statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. The requirements of this statement are effective for fiscal years beginning after June 15, 2022 (the District's year ending June 30, 2023).

GASB Statement 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements 14 and 84, and a supersession of GASB Statement 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements for certain paragraphs of this statement are effective immediately, while the remainder of the pronouncement is effective for years beginning after June 15, 2021 (the District's year ending June 30, 2022).

**NOTE 13 –RESTATEMENT**

Management has restated its July 1, 2020 opening fiduciary net position by \$6,734 to report its custodial fund under GASB 84.

# **FEDERAL SINGLE AUDIT REPORTS**

**FEDERAL INTERNAL CONTROL  
AND COMPLIANCE REPORTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of  
Southeastern Connecticut Council of Governments  
Norwich, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Southeastern Connecticut Council of Governments (SCCOG), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise SCCOG's basic financial statements, and have issued our report thereon dated December 15, 2021.

**INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered SCCOG's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SCCOG's internal control. Accordingly, we do not express an opinion on the effectiveness of SCCOG's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether SCCOG's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SCCOG's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SCCOG's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of  
Southeastern Connecticut Council of Governments  
Norwich, Connecticut

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM**

We have audited Southeastern Connecticut Council of Governments' (SCCOG) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of SCCOG's major federal programs for the year ended June 30, 2021. SCCOG's major federal program is identified in the summary of auditors' results section of the accompanying schedule of federal findings and questioned costs.

**MANAGEMENT'S RESPONSIBILITY**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on compliance for each of SCCOG's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the SCCOG's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of SCCOG's compliance.

## **OPINION ON THE MAJOR FEDERAL PROGRAM**

In our opinion, SCCOG complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of SCCOG is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered SCCOG's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of SCCOG's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Southeastern Connecticut Council of Governments (SCCOG) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise SCCOG's basic financial statements. We issued our report thereon dated December 15, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance

with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# **STATE SINGLE AUDIT REPORTS**

**STATE INTERNAL CONTROL AND  
COMPLIANCE REPORTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors of  
Southeastern Connecticut Council of Governments  
Norwich, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Southeastern Connecticut Council of Governments (SCCOG), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise SCCOG's basic financial statements, and have issued our report thereon dated December 15, 2021.

**INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit of the financial statements, we considered SCCOG's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SCCOG's internal control. Accordingly, we do not express an opinion on the effectiveness of SCCOG's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether SCCOG's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of SCCOG's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SCCOG's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR  
STATE PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;  
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF STATE FINANCIAL  
ASSISTANCE REQUIRED BY THE STATE SINGLE AUDIT ACT**

To the Board of Directors of  
Southeastern Connecticut Council of Governments  
Norwich, Connecticut

**REPORT COMPLIANCE FOR EACH MAJOR STATE PROGRAM**

We have audited Southeastern Connecticut Council of Governments' (SCCOG) compliance with the types of compliance requirements described in the *Office of Policy and Management's Compliance Supplement* that could have a direct and material effect on each of SCCOG's major state programs for the year ended June 30, 2021. SCCOG's major state programs are identified in the summary of auditors' results section of the accompanying schedule of state findings and questioned costs.

**MANAGEMENT'S RESPONSIBILITY**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its state programs.

**AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on compliance for SCCOG's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Those standards and the State Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about SCCOG's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of SCCOG's compliance.

**OPINION ON EACH MAJOR STATE PROGRAM**

In our opinion, SCCOG complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2021.

## **REPORT ON INTERNAL CONTROL OVER COMPLIANCE**

Management of SCCOG is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered SCCOG's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of the internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of SCCOG's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

## **REPORT ON SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE REQUIRED BY THE STATE SINGLE AUDIT ACT**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of SCCOG as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the SCCOG's basic financial statements. We have issued our report thereon dated December 15, 2021, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the SCCOG's basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. ## **INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF INDIRECT COSTS AND OVERHEAD RATE CALCULATION**

To the Board of Directors of  
Southeastern Connecticut Council of Governments  
Norwich, Connecticut

### **REPORT ON THE FINANCIAL STATEMENTS**

We have audited the accompanying schedule of indirect costs and overhead rate calculation of the Southeastern Connecticut Council of Governments (SCCOG) as of and for the year ended June 30, 2021, and the related notes to the schedule.

### **MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS**

Management is responsible for the preparation and fair presentation of the schedule in accordance with provisions prescribed by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express opinions on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedule, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **OPINION**

In our opinion, the schedule referred to above presents fairly, in all material respects, the indirect costs and overhead rate calculation of the Southeastern Connecticut Council of Governments as of and for the year ended June 30, 2021 in accordance with the provisions prescribed by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), described in Note A.

## **BASIS OF ACCOUNTING**

We draw attention to Note A of the schedule, which describes the basis of accounting to meet the requirements of the Council's Transportation Planning Agreement with the State of Connecticut Department of Transportation (DOT). The schedule is prepared on the basis of the provisions prescribed by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the DOT. Our opinion is not modified with respect to this matter.

## **RESTRICTION ON USE**

Our report is intended solely for the information and use of the Southeastern Connecticut Council of Governments and the State of Connecticut Department of Transportation and is not intended and should not be used by anyone other than these specified parties.

**SOUTHEASTERN CONNECTICUT COUNCIL  
OF GOVERNMENTS  
NOTES TO THE SCHEDULE OF INDIRECT COSTS  
AND OVERHEAD RATE CALCULATION  
FOR THE YEAR ENDED JUNE 30, 2021**

**NOTE A - BASIS OF PRESENTATION**

The accompanying schedule of “Indirect Costs and Overhead Rate Calculation” includes the allowable fringe, burden and overhead expenses of the Southeastern Connecticut Council of Governments. The information in the schedule is prepared on the basis for establishing indirect cost rates and reimbursing indirect costs and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). In accordance with these regulations, unallowable costs have been excluded from the indirect cost rate calculation. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements of the Southeastern Connecticut Council of Governments.

**NOTE B - COST ALLOCATION**

Costs are assigned to projects and activities in accordance with the requirements and cost principles prescribed by the Uniform Guidance. Allocations of indirect costs are based on direct labor charges associated with each project and activity. Direct costs incurred by a particular project or activity are charged to that project whether the cost is reimbursable or not.

**NOTE C - SUBSEQUENT EVENTS**

Subsequent events were evaluated by management through December 15, 2021.
